UNTIL WE HAVE FACES

Feed The Machine
(Anthony Armstrong, Joe Rickard, Rob Graves, Jasen Rauch, Mark Holman)

Turn around, they might be watching
And you never disappoint them
Hide your innocence before they see right through
You mustn't disappoint them
You need the danger just to feel your heart beat
You need to die just to find your identity
You need the knife just to know that you can bleed
You need the pain now just to feel anything

We fall in line, we live the lie
Give up, give up and feed the machine
It grows inside, nowhere to hide
Give up, give up and feed the machine
Give up, give up and feed the machine

They pull you faster, the cadence calling
And you never fall behind
So choose a face, you're only crawling now
You mustn't fall behind
You need another death just to have a life to save
You need a master just so you can beg
You need a light just because you're so afraid
Now bow and learn to be a good slave

Sleep, shhh, go back to sleep

Wake up, wake up, wake up, wake up

Wake up, wake up and kill the machine
Wake up, wake up and kill the machine

Faceless
(Anthony Armstrong, Rob Graves, Jasen Rauch, Mark Holman)

A voice screaming from within
Begging just to feel again
Can't find who I am without you near me
I'd give anything to live
Without you I don't exist

You’re the only one who saves me from myself

I abandoned this love and laid it to rest
And now I’m one of the forgotten

I’m not, I’m not myself
Feel like I’m someone else
Fallen and faceless
So hollow, hollow inside
A part of me is dead
Need you to live again
Can you replace this
I’m hollow, hollow and faceless

Shadows growing in my mind
Ones I just can’t leave behind
I’m not strong enough to pay this ransom
One more monster crawled inside
But I swear I’d saw it die
Can you save me from the nothing I’ve become

I abandoned this love and laid it to rest
And now I’m one of the forgotten

We are the faceless
We are the nameless
We are the hopeless
Until we have faces

Lie To Me (Denial)
(Anthony Armstrong, Joe Rickard, Rob Graves, Jasen Rauch, Mark Holman)

Tell yourself it’s over now
Try to kill a broken vow
If only you could find the strength to kill the memories
These empty pages never turn
You lit the flame and let them burn
You tried to bury me so deep but what lies beneath
Will your hope die alone
Will you fade on your own
Can you just turn away and let me go

Lie to me if you can feel
That this love was never real
Walk away if you can learn to love again
Lie to me, if you can leave
I’ll still be here when you see
You’re not alone, you don’t have to run again
And leave me in denial

All your secrets crawl inside

You keep them safe, you let them hide
You feel them drinking in your pain
To kill the memories
So close your eyes and let it hurt
The voice inside begins to stir
Are you reminded of all you used to be
Can you just turn away and let me go

All the pain you fed
It starts to grow inside
It lives again and you can't let it die
So you believe you'll never find
A reason to love again

Lie to me, watch me bleed
I'll be here when you see you're not alone
You don't need to run
Lie to me, and watch me bleed
Cause I'll still be here when you see
You're not alone, you don't have to run again
And leave me in denial
You can learn to love again

Let It Burn
(Rob Graves, Jasen Rauch, Jason McArthur)

I watch this city burn
These dreams like ashes float away
Your voice I never heard
Only silence
Where were you when our hearts were bleeding
Where were you, it all crashed down
I never thought that you'd deceive me
Where are you now

(How long) Can you stand the pain
(How long) How long will you hide your face
(How long) How long will you be afraid
Are you afraid
(How long) Will you play this game
(How long) Will you fight or will you walk away
(How long) How long will you let it burn
Let it burn, let it burn

I watch this city burn
These passions slowly smoldering
A lesson never learned
Only violence
Is your world just a broken promise
Is your love just a drop of rain

Will we all just burn like fire
Are you still there, tell me now

Will you wait till it all burns down
Will you hide till it all burns down
Will it hurt when it all burns down
Will you fight when it all burns down
Will you stand when it all burns down
Will you love when it all burns down
Will it end when it all burns down
Will you just let it all burn down

Buried Beneath
(Rob Graves, Jasen Rauch, Mike Seminari, C. Todd Nielsen)

My eyes have adjusted to dark
And so has my heart
The weight of the world has covered me
I'm in over my head
Am I living or dead
Can anyone hear me calling out
I'm calling out

I'm finally breaking
So where are you now
It's been such a long time
That I've tried to live without
I'm suffocating, I need you to breathe
So reach down and pull me up, pull me out
Before I am buried beneath

I built this house on the shore
All I wanted was more
Then I felt the sand start shifting
I saw the cracks in the walls
I painted over them all
I tried my best to just ignore
I can't ignore

I thought I was climbing out
But it's dragging me down
What's hidden here with me
Thought I was alone
But it pulls me deeper now
I can't escape

Not Alone
(Rob Graves, Jasen Rauch, Mark Holman)

Slowly fading away
You're lost and so afraid
Where is the hope in a world so cold
Looking for a distant light
Someone who can save a life
Living in fear that no one will hear your cry
Can you save me now

I am with you
I will carry you through it all
I won't leave you, I will catch you
When you feel like letting go
'Cause you're not, you're not alone

Your heart is full of broken dreams
Just a fading memory
And everything's gone, but the pain carries on
Lost in the rain again
When will it ever end
The arms of relief seem so out of reach
But I, I am here

And I will be your hope
When you feel like it's over
And I will pick you up
When your whole world shatters
And when you're finally in my arms
You'll look up and see, love has a face

And I will be your hope
(You're not alone)
And I will pick you up
And I will be your hope
And I will be your hope

Slowly fading away
You're lost and so afraid
Where is the hope in a world so cold

Watch You Crawl
(Joe Rickard, Rob Graves, Jasen Rauch, Clint Lowery)

You put my back against the wall

Watching, waiting
You never thought I'd get this far
Beneath your skin
I watched you swim with all your lies
They pulled you under
And as you wait for my demise
I'm just getting stronger
I'm learning who you really are
And nothing can save you

I will fight until the end
Get ready to collide
And I will watch you fall again
I'll bury you alive
You tried to bring me to my knees
You tried to take it all
Now I will stand and watch you crawl

I'll put you back where you belong
Hopeless, fading
And I will rise while you
Become the monster you have fed
I'll let you drown in your despair
Now nothing can save you

I'm still here
Now I'm gonna watch you beg

The Outside
(Anthony Armstrong, Rob Graves, Jasen Rauch)

What if I'm not the same
What if I never let go of the blame
What if you dragged me back again
What if I won't let you just pretend

I erase this memory
I escape this gravity
Is that how I used to be
Is that the price of my identity

I'm standing on the outside
I'm looking in on what you can't hide
I'm dying on the inside
'Cause now I can see your lies
From the outside

What if I'm still ashamed
What if I can't let go of the pain
What if I have something to lose
What if I've got nothing left to prove

I replace this life you stole
I embrace the world I know
What if you were always wrong
And what if I said I knew it all along

I'm not you
I will never be you
I won't let you pull me through

Who We Are
(Anthony Armstrong, Randy Armstrong, Mike Barnes, Joe Rickard, Rob Graves, Jasen Rauch, Jason McArthur)

We were the ones who weren't afraid
We were the broken hearted
We were the scars that wouldn't fade away
How did we let go, how did we forget
That we don't have to hide
We won't believe the lies again
We won't be paralyzed

We can be who we are, now we are alive
We can fight, they cannot contain us
It's who we are, we are undying
(We are forever)
We won't hide our faces from the light
Eliminate the space between us
It's who we are, we are forever
It's who we are

We were the tears that passion cried
We were the sacrificed
We were the flame that wouldn't die inside
How did we go wrong, we will not forget
We won't get left behind
We won't give up this fight again
We won't be denied

We will never die
We will never die
We will not deny
Now we are alive

Best Is Yet To Come
(Rob Graves, Jasen Rauch, Mark Holman)

Afraid it won't come 'round again
Afraid to move on
Wishing I could go back when
Everything was easier and meaningful to me

Wanting all we left behind
Like it's the answer
An hourglass we can't rewind
Holding back the life that I've denied for so long
Can I find my way to you

And after all that we've been through
And after all we left in pieces
I still believe our lives have just begun
'Cause now the past can be outrun
And I know you are the reason
I still believe the best is yet to come

A photograph still in my hands
Afraid to let go
The minutes rain like grains of sand
And time is just a war that's stealing dreams from within
So come and take them back again

I won't turn around
And let it all slip away
I'm never backing down
'Cause tomorrow's a new day
And everything can change

Hymn For The Missing
(Rob Graves, Jasen Rauch)

Tried to walk together
But the night was growing dark
Thought you were beside me
But I reached and you were gone
Sometimes I hear you calling
From some lost and distant shore
I hear you crying softly for the way it was before

Where are you now
Are you lost
Will I find you again
Are you alone
Are you afraid
Are you searching for me

Why did you go
I had to stay
Now I'm reaching for you
Will you wait
Will you wait
Will I see you again

You took it with you when you left
These scars are just a trace
Now it wanders lost and wounded
This heart that I misplaced
